Dear Mr. Weisberg,

Several years ago, I called you and acquired several of your books regarding the John F. Kennedy assassination. You were the first person that I contacted on the subject and, I guess I have you to thank for getting me into this area. Over the years, I have acquired nearly 200 books on the subject and numerous magazine articles, slides, films etc. Yours is still some of the best research.

I have several of your books which I would like to have autographed and wondered if you might do me the honor? I of course will pay for all postal costs etc. I would be grateful and would appreciate it very much.

Thanks again to you for your previous kindness. I hope this note finds you in the best of health and good spirits!

Sincerely,

Larry A. Sneed
